

Dear students,

We constantly monitor the development of the epidemiological situation in connection with the spread of Covid-19 and we also respond to emergency measures issued by the Czech government. For this reason, the dormitory management decided to take the following measures.

I. Accommodation in dormitories

Pursuant to Government Resolution No. 1377, with effect from the 27th December 2020, students who fall under the exceptions to this regulation may be accommodated in dormitories <https://www.vlada.cz/assets/media-centrum/aktualne/skoly-1377.pdf> see Point 1 of this Regulation.

The management of the Accommodation Services will also enable accommodation **for all those who have already signed the Statutory declaration.**

Students who use dormitories are charged dormitory fees.

We also offer short-term accommodation for students who have a valid accommodation contract for the duration of government measures. If you are interested in this accommodation, we ask you fill in the **Statutory declaration at the reception A-B or E at your arrival in dormitory** and indicate how long the accommodation will be. Short-term accommodation is paid directly at the reception "A-B" or "E" for the following prices:

1 night	260 czk/person/night
2-3 nights	200 czk/person/night
up to 7 nights	150 czk/person/night
over 7 nights	109 czk/person/night

You will be accommodated in your room. In the event that a student stays in the dormitory illegally, he / she will be charged dormitory fees for the entire given month.

Accommodation restrictions do not apply to foreign students.

II. Check-out of the dormitory

Students who wish to **withdraw from the dormitory completely** (ie hand over the vacated room and terminate their Housing contract) can do so on working days from 6.1.2021 to 29.1.2021, without losing the deposit. In this case, students **are not guaranteed the same room in the following semesters.**

Under the above conditions, students who currently use dormitory accommodation can also move out in January 2021.

Information on evictions can be found on our website, see: <https://www.vsb.cz/ubytovani/en/for-students/last-day-at-the-dormitory/>

There are two ways to move out of the dormitory:

- 1) In person
- 2) Through another person on the basis of a power of attorney. You can find the power of attorney form on our website, https://www.vsb.cz/export/sites/vsb/ubytovani/.content/galerie-souboru/Plna-moc-k-ukonceni-ubytovani-_cj-aj_2020.pdf

III. Keeping the room

Students who are unable to use dormitory accommodation on the basis of government resolutions and who **wish to keep their belongings in their room and continue to keep their room** are able to continue to receive a **100% discount on accommodation in January 2021** and from **February 2021 until the end of government Regulation a discount of 80% on accommodation**.

The above also applies to foreign students who have already applied for a discount on accommodation due to non-use of dormitories. WE DO NOT ACCEPT FURTHER REQUESTS FOR DISCOUNTS.

In the event of government regulations being relaxed, the full amount of dormitory fees will be charged FROM THE DATE OF RELEASE IN GOVERNMENT ORDERS concerning accommodation in university dormitories.

If the student only **wants to pick up personal belongings from the room**, this will only be possible in agreement with the reception staff. Upon arrival at the dormitory, it is necessary to report the arrival at the reception, report the reason for arrival and then announce the departure from the dormitory. Pick-up time is tolerated at 2 hours.

IV. Closure of gyms and rooms with table tennis

Pursuant to Government Decree No. 1376, gyms and table tennis rooms are closed again from the 27th December 2020.
