Date: January 27, 2019

**Subject: Recruitment of excellent postdoctoral staff**

Dear colleague:

Beijing Institute of Safety Production Engineering Technology at Beijing, P R China invites one application for safety engineering as postdoctor, starting on September, 2019. The applications need to get a doctorate before September, 2019. The introduction about postdoctoral workstation is as following.

Beijing Institute of Safety Production Engineering Technology is organized by Beijing Institute of Petrochemical Technology and Beijing Municipal Safety Supervision and Administration. And postdoctoral workstation was approved the establishment by Ministry of Human Resources and Social Security in September, 2015. So far, we got 18 postdoctors and 12 postdoctors are still work in the postdoctoral workstation. In discipline of safety engineering, there are 64 full-time teacher and 13 staff is professor and 24 staff is vice professor.

The research topic for postdoctor is: (1) Safety Technology for Hazardous Chemicals, (2) Fire and Explosion Prevention Technology.

Total funding for one year is 12056€/year. This cover fellowship 4900€/year, accommodation fee 1610€/year, living expenses 5456€/year, medical insurance 100€/year. The funding will be paid by month. One round-trip airticket totally in two years will be paid by us. One way ticket is no more than 1200€.

We sincerely welcome you to join us.

A handwritten signature in black ink, appearing to be '高建村' (Gao Jiancun), written in a cursive style.

Gao Jiancun (Professor, Ph.D)

Head of Beijing Institute of Safety Production Engineering Technology
